Dear Parents of Festival Students:

Each year for the GFMTA Spring Festival (April 19-20, 2024) we are ask high school students and parents of all students to volunteer an hour of time to serve as monitors. This involves checking in the students at the session, keeping track of the time allotment for each student, seeing that no one enters or leaves the room during a performance, and attending to the adjudicator's needs (sharp pencils, coffee, water, etc.). Parents may not be monitors at the session in which their child is performing. If you can be a monitor for a one-hour session (or more), please complete the form below.
